# Best Practices

- . Maximum students from economically disadvantaged section- Teachers provided financial assistance to the needy students.
- . Academically weaker students 35% to 55% approx. at HSC level, our dept. Focuses more on growth and development of such students by personal attention, remedial lectures and various activities for employability:
  1. 5 Days Crash Course organised annually for last 3 years.
  2. Tally Workshop organised annually for last 2 years.

- ❖ It was observed that after the aided section B.com. seats were fully exhausted, those students who could not afford the fees of professional courses left the campus without taking admission. B.com. Unaided section caters to this student diversity and needs of such students.
- ❖ Furthermore, in line with the above point, this department also offers admission to those who reappear for the HSC exams (2nd attempt).
